TASTE OF INDIA

Rice production in india is an important part of the national economy. India is the world's second largest producer of rice, and the largest exporter of rice in the world.

BLACK/RED RICE

Rice is the basic food crop and being a tropical plant, it flourishes comfortably in a hot and humid climate. Rice is mainly grown in rain-fed areas that receive heavy annual rainfall. That is why it is fundamentally a kharif crop in India.

BLACK RICE
25 KG, 50KG

Black rice has a low glycemic index of 42.3 and it contains essential vitamins and nutrients. It is rich in fiber, protein, antioxidants, and minerals, making it a healthy addition to a diabetic diet.

**BLACK GLUTINOUS RICE/
FORBIDDEN RICE**
25 KG, 50KG

Black rice, also called forbidden rice or "emperor's rice," is gaining popularity for its high levels of antioxidants and superior nutritional value. 1 Forbidden rice earned its name because it was once reserved for the Chinese emperor to ensure his health and longevity and forbidden to anyone else.

**LONG GRAIN
BROWN RICE**
25 KG, 50KG

It's a rich source of dietary fiber, which can reduce your risk of death from heart disease. Brown rice also contains high levels of magnesium, which can help make you less vulnerable to heart disease and stroke.

RED RICE
25 KG, 50KG

Red rice contains a component called anthocyanin and hence it is consumed either partially hulled or unhulled. The colour of red rice is due to this component. It has high nutrient content as compared to other rice varieties. Red rice contains red husk and is loaded with the goodness of nature.

BASMATI RICE

SONA MASOORI RICE
25 KG, 50KG

Sona Masoori is an aromatic and lightweight medium-grained rice known as the "Pearls of South India,". With its delicate flavor, it is the perfect choice for Pongal, coconut rice, steamed rice or as a compliment to South Indian Curries.

IR64 PARBOILED RICE
25 KG, 50KG

IR64 is a semidwarf indica rice variety Parboiled rice is also a source of iron and calcium. Compared to white rice, parboiled rice has fewer calories, fewer carbohydrates, more fiber, and more protein
